Only when we come to a realization of our shortfall will there be the restoration of God to usher in His fullness!

In the first Assemblies of God ministers' prayer meeting of the year, I spoke about creating and making room for Jesus. Many of you will agree that the year has started with a sprint. Lunar New Year came quickly after Christmas. If we are not careful, we can get caught up with a lot of distractions, or even with ourselves, breaking our focus from God.

In 2 Kings 6:1-7, the prophets wanted to rely on their own strength to build a bigger place for the meeting with Elisha. But in the process, the iron axe head used in the construction fell into the water. It was only through seeking God that the axe head could be retrieved. The place of seeking God became the place of realization of their shortfall, which then became the place and time of restoration of God. In 2 Kings 4:30 too, we see the promise of God restored to the Shunammite woman when she sought God.

When the disciples received the fullness of the promise of the Holy Spirit, they were seeking God together in one place (Acts 2:1). They made room for God in that Upper Room. Friends, this *Decade of Expansion* was set out for us by God before we even stepped into it. But we cannot run this race set out for us in our own strength. It's imperative for us to make room for God so that we realize our need for Him and usher in His Fullness. I urge you to join in the 5-day prayer and fast this week. Let's come together for a time of prophetic alignment and see what God will do in and through us, together!
